Harris Marketing Group Creates Marketing Program for National Organization

Harris Marketing worked with our client, Association of Educational Therapists (AET), to develop a new [Member Marketing Program](#) to assist Educational Therapists in marketing their practices. There are many great benefits offered at a discounted rate to all of the members under AET.

The Member Marketing Program helps members of AET fulfill their marketing goals with professional, cost-effective brochures, websites, and direct marketing materials. The materials come loaded with targeted content that has been approved AET which establishes members' professional reputation within the field of educational therapy. For more information and to view examples, view our [AET Member Marketing Program brochure](#).

Want to develop a marketing program for your business or organization? Contact Harris Marketing Group today at 414-908-4956 or info@harrismg.com.
